Miss Amy Boyton, Chairman
Lodi Day Nursery Committee
Garfield School
Lodi, California

Dear Miss Boyton:

Your telegram of July 14, 1942, requesting continued assistance of the Work Projects Administration in the operation of the feeding program of the Lodi Day Nursery at the Garfield School, has been received by this office.

We appreciate your problem and are entirely in sympathy with your reluctance to see this valuable service curtailed. However, the rapid decline in the number of persons available for WPA assignment, due to the fact that these persons are finding private or other public employment, makes it impossible to forecast the length of time we shall be able to supply various projects with assistance.

At present, the Lodi Nursery School is adequately staffed with cooks, and we shall make every effort to continue this service.

Very truly yours,

William R. Lawson

Dear Mr. Carstens:

We would appreciate sample record forms printed by the Child Welfare League of America for day nurseries and foster day care. This will assist us in organizing a record and report system for a day care program for preschool children of agricultural workers.
